Bayobab is a leading provider of digital infrastructure solutions, dedicated to bridging Africa's digital divide.

Bayobab has strengthened its presence through strategic partnerships with Eutelsat and OneWeb, while also making significant infrastructure investments like the Mombasa-to-Malaba Fibre Project. The company continues to champion digital inclusion and sustainability.

These efforts are enhancing connectivity, unlocking economic potential, and improving services across Africa. With a focus on innovation and sustainability, Bayobab is at the forefront of driving Africa's digital transformation forward.

arqiva

 Website

 LinkedIn

Arqiva is a leading provider of communication infrastructure and broadcast services, connecting people and businesses through innovative technology.

In October 2024, it was awarded a contract to complete Anglian Water's smart meter rollout after announcing connections to over two million smart water meters.

This highlights Arqiva's expertise in critical utility solutions and its commitment to smart infrastructure and resource management. With its innovative broadcast and utility solutions, Arqiva is well-positioned to execute this rollout and expand its business in this area.

@ blues

 Website

 LinkedIn

Blues Wireless is a leading provider of industrial IoT solutions, empowering businesses with reliable and scalable connectivity.

In the latter half of 2024, Blues expanded its partner network by welcoming over 20 accredited partners, strengthening its global reach and support capabilities. The company is also set to be featured on Viewpoint with Dennis Quaid, showcasing its innovative IoT technology to a wider audience.

These developments highlight Blues Wireless' growing influence in the IoT space and its commitment to expanding access to cutting-edge connectivity solutions.

boingo

 Website

 LinkedIn

Boingo Wireless is a leader in providing advanced wireless connectivity solutions, specializing in 5G, Wi-Fi, and private networks for large-scale venues and enterprises.

Boingo showcased its cutting-edge 5G, Wi-Fi 7, and private network technologies at Mobile World Congress in Las Vegas, reinforcing its position as an innovator in wireless solutions. The company also partnered with the San Diego Padres to enhance fan experiences with touchless, high-speed connectivity at Petco Park.

These initiatives underscore Boingo's commitment to revolutionizing wireless connectivity in both public and private sectors.
