Cobalt

Website

LinkedIn

Cobalt.io is redefining cybersecurity with its industry-leading Penetration Testing as a Service (PTaaS) platform.

Strengthening its leadership team, the company recently appointed Gunter Ollmann as Chief Technology Officer and Chris Essex as Chief Revenue Officer, reinforcing its commitment to innovation and growth. Additionally, Cobalt was recognized as an Outperformer by GigaOm for the third consecutive year at the end of 2024, underscoring its excellence in PTaaS.

With a focus on expanding capabilities and delivering best-in-class security solutions, Cobalt continues to set the benchmark for modern cybersecurity.

Skyhigh Security

Website

LinkedIn

Skyhigh Security is advancing the future of cloud security with its cutting-edge Secure Service Edge (SSE) solutions.

Following a breakthrough year in 2024, the company surpassed key customer and financial milestones, reflecting its strong market momentum. Skyhigh Security also expanded its SSE offerings with enhanced AI-driven data protection for Microsoft Copilot, and CEO Gee Rittenhouse has taken on the dual role of CEO at Trellix, signalling strategic alignment within the cybersecurity sector.

With continued innovation and leadership expansion, Skyhigh Security remains a driving force in cloud security.

torq

Website

LinkedIn

Torq is redefining security automation with its AI-driven SOC and Agentic AI solutions.

To kick off 2025, the company announced 300% revenue growth and a 200% increase in employees, highlighting strong adoption among Fortune 500 enterprises. At the end of 2024, Torq expanded its Agentic AI capabilities, introducing an advanced multi-agent framework to enhance autonomous security operations. Torq also joined Wiz as a launch partner for its Defend offering, reinforcing its role in cutting-edge cybersecurity ecosystems.

With rapid growth and continuous AI innovation, Torq is shaping the future of security automation.

SecurityScorecard

🌐 **Website**

in **LinkedIn**

SecurityScorecard is a leader in cybersecurity ratings and risk management.

In December 2024, the company integrated with Buy with AWS, simplifying procurement for AWS customers. The same month, its threat intelligence report revealed 97% of leading U.S. banks were impacted by third-party data breaches in 2024, emphasizing supply chain vulnerabilities. Additionally, SecurityScorecard welcomed award-winning producer Sandy Climan to its advisory board, signalling a strategic focus on supply chain detection and response.

These advancements reinforce its role in safeguarding global enterprises.

CYBER RANGES

🌐 **Website**

in **LinkedIn**

Cyber Ranges is a leading cybersecurity innovator, providing advanced cyber range technology and services.

In January 2025, it partnered with CounterCraft to deliver deception-powered threat intelligence to government agencies. Prior to this, in November 2024, the company launched TRYZUB Cyberdrills with SSSCIP and CERT-UA, focusing on next-gen attack simulations to enhance cybersecurity preparedness.

These initiatives strengthen Cyber Ranges' position in providing critical training solutions to help organizations stay ahead of emerging cyber threats.

PENTERA

🌐 **Website**

in **LinkedIn**

Pentera is a leader in automated security testing, helping organizations strengthen their cybersecurity defences.

In November 2024, Pentera uncovered a critical zero-day vulnerability in Fortinet's FortiClient VPN, prompting an urgent patch. The company was also recognized on Deloitte's Technology Fast 500™ for the second consecutive year, reflecting its rapid growth and innovation.

Additionally, Pentera appointed industry veteran Scott Merkle as VP of Sales, Americas, signalling its commitment to expanding its reach and sales capabilities across the region.

1Password

Website

LinkedIn

1Password is a leading provider of password management solutions, helping businesses safeguard their sensitive data.

In January 2025, 1Password acquired Trelica, a move aimed at enhancing its extended access management platform. This acquisition will accelerate the delivery of new capabilities, bolstering the company's offerings in identity and access management.

By integrating Trelica's expertise, 1Password continues to strengthen its position as a trusted solution for securing organizational data and streamlining access control.

WITH® secure

Website

LinkedIn

WithSecure is enhancing its cybersecurity capabilities to protect against evolving digital threats.

In January 2025, the company advanced its ability to stop identity-based cyberattacks. In December 2024, WithSecure's Exposure Management solution gained strong adoption, empowering smarter security decisions. The company also set new standards for detection-to-alert ratios in the MITRE Evaluation, demonstrating its leadership in threat detection.

Additionally, WithSecure is expanding its global reach with the upcoming launch on the AWS European Sovereign Cloud, reinforcing its commitment to world-class security.

VERSA

Website

LinkedIn

Versa Networks is a leader in secure access service edge (SASE) solutions.

In late 2024, the company introduced integrated Endpoint Data Loss Prevention to its SASE platform, enhancing its cybersecurity offering. Versa also earned industry recognition for its AI and network security leadership. Notably, the launch of VersaONE™, the first universal SASE platform, and its Cloud Firewall on AWS Marketplace underscore its innovation.

With these advancements, Versa is well-positioned to continue shaping the future of secure networking solutions.
